THE CHIEF SPEAKS

Brothers,

Chanco is about to take a big step in the direction of progress. At the April Executive Board meeting we decided to change our election procedure. In

Patch Collection

The patch collection for Chanco is starting to roll. All patches received will be put on a display board and exhibited at the Council Office. This board will be carried to all Lodge functions. As Chief of Chanco I can promise you who send patches that these patches won't end up in someone's private collection. Please send in your patches to me right away. My address is: Jackie Oliver, 401 Military Rd., Suffolk, Virginia.

the past we have had a nominating Committee choose a slate of officers with only one boy nominated for each office. Even with the floor being open for nominations, everything has been pretty cut and dry. But we hope this has ended. Wayne Blythe is in charge of a nominating committee to pick two boys for each office. Then at the Fall Fellowship the boys will have a chance to add nominations from the floor. Then the boy members can vote on who they want for each office. I feel this is a better way. If you have any nominations you would like to send Wayne, his address is: 303 Beamon Street, Franklin, Va.

Help!..... Help!

SCOUTMASTERS.....Jackie Ward reports that he wants scoutmasters to write him about places to go camping in your area. He sent you a letter explaining what he wants but there has not been a very good response. Jackie Ward states that he needs this information as soon as possible. His request came two days after the last paper was published; so, it is now most urgent that this information be sent in immediately. Your cooperation will be greatly appreciated in this matter.

In 1964 Chanco Lodge had 136 members, after the ordeal, at the Christmas Banquet there were 100 members present. Why were 36 not present? Well, let's say at least 6 were sick. But how about the other 30?

I'm sure some had a very good excuse for not coming, but some probably did not care in the least if they came or not. Now the membership is 110.

If you had to go through another ordeal like you did to get in, to stay in, would you be loyal enough to take it or would you quit?

I hope 110 people would go through that ordeal again to stay in!

At our next meeting, everybody please make an effort to come. Remember this is your organization, a handful of people cannot run it completely without its members helping. If you don't like what is being done in the O.A. (a rule, custom, or action) speak yourself, don't depend on another person too.
